

Vulcanus in Japan – Selection process

Eligibility Check

Applications are checked (by EU-Japan Centre's staff), against

- * eligibility criteria (nationality, studies)
- * receipt of all compulsory documents (as listed in the application form).

▪ Analysis of all internship offers

Traineeships' contents are analysed in terms of

- * expertise (field and level of studies)
- * language requirements
- * other profile requirements expressed by host companies

Pre-selection (shortlist)

- A. Eligible applications are evaluated (by the above-mentioned staff and experts) against available internships.
- B. Relevant applications (= matching with at least one of the available traineeships) are ranked according to academic results, relevant experience and personality / motivation of the student.

!!! Minimum 9 members in the Selection Board !!!
!!! No quota per country !!!
!!! Maximum 4 students per traineeship offer !!!

Matching procedure (final selection)

Two matching rounds will be organised with the Japanese host companies.
Final decision taken by Japanese host companies.

Every year:

About 1000 applicants

About 120 applicants short-listed

30 students +
30 internships selected
(maximum)
